

LB SOCCER ACADEMY · PARENT ALERTS

One message. Every family's phone, text, and email.

We use **Remind** — free. You post once and it lands on parents' phones as a notification, plus text and email. Here's how families get on, and how you send.

TEXT TO JOIN

@6ee4bkk → 81010

Three ways in — all free

Each family joins once, then gets everything you send. The app is optional — messages arrive as text and email either way.

1 Easiest: they sign up on the website

Right after a parent submits the sign-up form, a “**Turn on phone alerts**” button appears. One tap adds them to your Remind class — no extra step for you.

2 Or they join directly

Great for grandparents, carpool drivers, or helpers. They **text @6ee4bkk to 81010**, or open remind.com/join/6ee4bkk.

3 Or you add them yourself

In Remind, use **Add people** and paste in phone numbers or emails. In your coach dashboard, **Message families** ▶ **Copy phone numbers / Copy emails** hands you that list ready to paste.

✓ **No cost, no app required.** Everyone who joins gets your messages as a phone notification, a text, and an email — Remind is free and there’s no per-text charge.

Reach every family at once

A rain-out, a field change, a reminder — same quick routine every time.

1 Open Remind & pick your class

Go to remind.com (or in the coach dashboard: **Message families** ▶ **Open Remind to send**) and choose **LB Soccer Academy**.

2 Type it — flag it urgent if needed

Write your note. For weather, cancellations, or safety, mark it **urgent** so it pushes through loud.

Remind · LB Soccer Academy		Send ▶
To	Everyone in class	
Message	Grass field is soaked — we're on the turf tonight, same 6:00 start. See you there!	

3 Send — that's it

It goes to every joined family at once, by phone push, text, and email. The family that joined this morning is already included.

⚠ **For emergencies**, use Remind's urgent option — it's built to break through Do-Not-Disturb for weather and cancellations.
